
Master Plan for SUNY Stony Brook at Southampton Campus

Client/Owner: Beyer Blinder Belle Architects/SUNY Stony Brook
Project Location: Southampton, NY

Project involves preparation of a master plan of the Southampton Campus of Stony Brook University. GPI's assignment is to review all relevant documents and visit the site to become thoroughly familiar with the location, including road network, buildings, trees, natural rock formations, visual exposures to residential areas, water, sewer and utility locations, noise exposure from transportation and other important environmental considerations. The project also involves performing a nine-acre topographic survey of the East Parking Lot.
