## GPI Raises Over \$3,200 for Save the Children in Haiti

GPI came together in an effort to raise funds to help with the Haiti relief and succeeded in raising over \$3,200. The impoverished nation of Haiti was struck by a devastating earthquake on January 12, 2010, believed to be the worst in the country's modern history. With offices in Port-au-Prince, Save the Children quickly responded in assisting children and families affected by the devastation. Thank you to everyone for your support!
