

Environmental and Analytical Testing Fees				
Test	Matrix	Standard (Price per element)	Rush (Price per element)	Same Day (Price per element)
Total Metals	Paint Chips or Soil (EPA 3050B)	\$13.50	\$20.25	\$27.00
	Paint Chips (ASTM D3335)	\$50.00 ^a	\$75.00 ^b	NA
	Dust Wipes (EPA 3050B)	\$6.50	\$9.75	\$13.00
	Air Monitoring Filters (TSP / 37mm)	\$12.50	\$18.75	\$25.00
	Wastewater (EPA 200.7)	\$50.00 ^a	\$75.00 ^b	NA
	Mercury – any matrix	\$30.00	\$45.00	NA
Total Particulate (Gravimetric)	Filters (requires pre-weighed TSP or PM-10 filter)	\$20.00	\$30.00	NA

a. Price includes extraction fees and the first element, each additional element \$20 each

b. Price includes extraction fees and the first element, each additional element \$30 each

Waste Characterization			Standard	Rush (2 business days)
TCLP Metals	Waste (Abrasives, Soils, Paints, etc.)	Extraction Fee + One Element	\$55.00	\$75.00
		Additional Elements	\$13.50	\$16.00
		Mercury	\$30.00	\$40.00
		RCRA Eight Metals	\$145.00	\$200.00

Environmental and Analytical Testing Turnaround Times

Sample Receiving Hours: Monday through Friday 8:00AM to 5:00PM (Eastern Standard Time)

Same Day Environmental samples received before 11AM will be reported by 6PM that day (Not available for all tests)

Rush Turnaround Environmental samples received before 3PM will be reported by 6PM the next day. (The minimum turnaround time for TCLP and Total Particulate analysis is 2 days.) *Additional fees may apply, contact the laboratory for pricing.*

Standard Environmental samples will be reported in 4 days, or less, after the day that they are received. (i.e., Samples received on Monday will be reported not later than the end of the day Friday.) *Standard fees apply.*

Accelerated turnaround times may be available, advance notification is required and extra charges will apply.
Any sample reanalysis that produces results consistent with the original results will be at the Customer's expense.

effective 2/1/2018
