

Environmental and Analytical Testing Fees				
Test	Matrix	Standard (Price per element)	Rush (Price per element)	Same Day (Price per element)
Total Metals	Paint Chips or Soil (EPA 3050B)	\$14.20	\$21.30	\$28.40
	Paint Chips (ASTM D3335)	\$52.50 ^a	\$78.75 ^b	NA
	Dust Wipes (EPA 3050B)	\$6.75	\$10.10	\$13.50
	Air Monitoring Filters (TSP / 37mm)	\$13.25	\$19.85	\$26.50
	Wastewater (EPA 200.7)	\$52.50 ^a	\$78.75 ^b	NA
	Mercury – any matrix	\$31.50	\$47.25	NA
Total Particulate (Gravimetric)	Filters (requires pre-weighed TSP or PM-10 filter)	\$21.00	\$26.25	NA

- a. Price includes extraction fees and the first element, each additional element \$21 each
 b. Price includes extraction fees and the first element, each additional element \$31.50 each

Waste Characterization			Standard	Rush (2-3 business days)
TCLP Metals	Waste (Abrasives, Soils, Paints, etc.)	Extraction Fee + One Element	\$58.00	\$101.50
		Additional Elements	\$14.20	\$24.85
		Mercury	\$31.50	\$55.15
		RCRA Eight Metals	\$155.00	\$271.25

Environmental and Analytical Testing Turnaround Times

Sample Receiving Hours: Monday through Friday 8:00AM to 5:00PM (Eastern Standard Time)

Same Day Environmental samples received before 11 AM will be reported by 6 PM that day (Not available for all tests)

Rush Turnaround Environmental samples received before 3 PM will be reported by 6 PM the next day. (The minimum turnaround time for TCLP and Total Particulate analysis is 2-3 days.) *Additional fees may apply, contact the laboratory for pricing.*

Standard Environmental samples will be reported in 5-7 days, or less, after the day that they are received. *Standard fees apply.*

Accelerated turnaround times may be available, advance notification is required and extra charges will apply. Additional fees may apply for any repeated testing that produces results consistent with the originally reported data.
