Joint Venture

CAPABILITIES

*MEP Engineering, Project Management,
Consulting Design, and Commissioning*

GPI-Renaissance Joint Venture (JV) is a small business venture offering a wide range of Building Systems Engineering Solutions

The GPI-Renaissance JV brings together Homco Renaissance (HR) and Greenman-Pedersen, Inc. (GPI)

Our combined experience of engineering, design, and construction projects at Fort Meade and other Health Care and Intelligence Facilities is the foundation of this Joint Venture. The relationship between the Partners led to the formation of the Mentor-Protégé JV in 2020. For more information about the GPI-Renaissance JV, see our website:

<https://gpi-renaissancejv.com>

GPI

GPI believes in the Mentor-Protégé Program offered by the Small Business Administration. As a recognized mentor in vertical and horizontal design, construction management, surveying/ mapping, and GIS/asset management services, GPI is working with HR to help it expand and grow in business and technical expertise.

With a staff of over 1700 employees in more than 55 offices nationwide, GPI is an award-winning, multi-discipline engineering firm that has been providing professional design, planning, surveying/ mapping and construction management services to all levels of government and industry throughout the United States since our founding in 1966.

Homco Renaissance

Homco Renaissance is a Service-Disabled Veteran Owned Small Business (SDVOSB) founded by Marine Corps veteran Gourav (Raj) De, in 2015. HR is also certified as a small, minority/diverse, disadvantaged business enterprise in the states of Maryland and Pennsylvania. HR has deep experience in the fields of electrical power engineering, mechanical engineering, plumbing, project management, construction management, and commissioning. In addition to the interpretation and application of IEEE and ASME requirements, HR's licensed professionals have advanced working knowledge of the NFPA, ASHRAE, OSHA, NETA-ATS, IESNA, TIA/EIA-568, NEC, DVA TII and DoD UFC/UFGS.
